where I play

Alexandra | Year 5, YCIS

My family and I love visiting the Shanghai Ocean Aquarium, the largest modern aquarium in Asia. I love going there because it has lots of cool sea creatures and wonderful habitats for them to live in. While I was there, I learned that many animals are endangered like the Chinese sturgeon and leafy sea dragon. I am especially fond of the jellyfish room. My favorite species of jellyfish is the moon jellyfish. I like it because the lighting in their tank makes them look like shimmering Christmas lights. They also look like shower caps floating about in such a relaxed way. If only I could float like that. There is so much to learn about the ocean and its inhabitants. I will never be tired of visiting the aquarium.

Confidence Builder

Do you ever worry about your child's ability to make friends at school or to communicate confidently when placed in different social situations? Olivia's Place offers these **Kid2Kid Social Skills Group** courses designed to teach children about body language, social behavior and how to participate in group activities. During the eight-week course, your child will learn critical communication skills while building self-confidence and making great friends along the way. Two courses are available for ages 5 to 6 years old and ages 7 to 10 years old. ¥4,800 for 1.5-hour sessions, ¥3,600 for one-hour sessions.
